

Memo/Reply From
JOSHUA LEDERBERG

TO: Mr. Strong

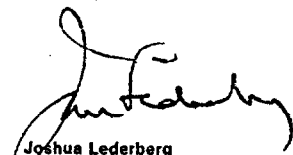

8/26/78

P. S.

I am particularly keen to find ways that the scientific expertise of the University can be articulated with the policy insight and experience of other institutions and individuals, especially in the challenging areas of environmental health policy. Our young faculty & students particularly need this exposure.

I would welcome your own thoughts on how we could best approach this intellectual integration.

Sincerely,

Joshua Lederberg
President
